### **Time:**

Can you honestly say you know for sure? And do you fully understand the extent of the legal consequences-to them and to you of their exposure to alcohol, drugs, and teenage driving?

All three high school PTSAs have teamed with their local police officers for three evening discussions. Middle school parents are encouraged to attend too. This panel discussion is based on the booklet, "Parents, Teens and the law" which is available at [www.Issaquah.wednet.edu](http://www.Issaquah.wednet.edu).
